RE: C.A. Denison Lumber Co., Inc.
Application for Zoning Permit Conditional Use

Dear Zoning Board of Adjustment:

This letter is a statement of concern under Title 24, Section 4471 submitted because I am unable to attend the hearing scheduled for June 9, 2015 with respect to the application by C.A. Denison Lumber Co., Inc. ("Denison").

I have reviewed the application by C. A. Denison Lumber, Inc. and Ashfield Stone, LLC, Application #2W1318 ("Application"), filed with the District #2 Environmental Commission, and am aware that similar documents have been filed with the Halifax Zoning Board of Adjustment as a conditional use permit application for a project generally described in the April 14, 2015 letter by Elizabeth A. Cook, Esq., and the enclosures therewith ("Project") for approval under the Town of Halifax Zoning Regulation ("Regulation").

I am entitled to status as an interested person under Title 24, Section 4465(b)(3) because I own property in the immediate neighborhood of the proposed truck route which is a component of the Application and Project. I can demonstrate the following physical and environmental impacts on my interests under the applicable review criteria set forth under the Regulation, as follows:

I drive on the same town roads which Denison truck traffic will use and the increased truck traffic may cause it to be unsafe. In particular, Stark Mountain Road is my only access to and from my property and I believe it will be unsafe for me to travel this road in the presence of the Denison truck traffic.

I enjoy the aesthetics and character of the area along Stark Mountain Road, and assert that the Denison activity will interfere with enjoyment of the character of the area.

I rely on Halifax for municipal services and the burdens which Denison may cause to the town roads may adversely interfere with the proper provision of municipal services, including road maintenance.

The Application and Project conflict with the purposes of the land use district in which it is located.

Consequently, I allege that the Application and Project, if granted, will not be in accord with the policies, purposes, or terms of the Town of Halifax Town Plan, or the Regulation, and that I am an interested person under Title 24, Section 4465(b)(3).

I request that the ZBA schedule additional hearings so that I may present additional evidence in support of my interested person status under Title 24, Section 4465(b)(3). Please add me to the Board's service list at the address and email addresses noted above.

Because I am unable to attend the hearing, I have requested that Sue Kelly file this letter with the Board. Thank you for your acceptance of this letter into the record.

Sincerely,

Stephen Sanders

Dear Zoning Board of Adjustment:

This letter is a statement of concern under Title 24, Section 4471 submitted because I am unable to attend the hearing scheduled for June 9, 2015 with respect to the application by C.A. Denison Lumber Co., Inc. ("Denison").

I have reviewed the application by Denison, Application for Zoning Permit Conditional Use, Application #15-09 ("Application"), filed with the Town of Halifax Zoning Board of Adjustment ("ZBA"), for a project generally described in the April 14, 2015 letter by Elizabeth A. Cook, Esq., and the enclosures therewith ("Project") for approval under the Town of Halifax Zoning Regulation ("Regulation").

I am entitled to status as an interested person under Title 24, Section 4465(b)(4) because I own property at 1350 Carey Road, Halifax, VT, and I am a signatory to a petition with respect to the Application and Project which alleges, and which I allege, will not be in accord with the policies, purposes or terms of the Halifax Town Plan and the Regulation. I have the following concerns relative to the Application and Project:

The Application and Project conflict with the purposes of the land use district in which it is located.

I enjoy the aesthetics and character of the area along the class 2 and 3 roads, and assert that the Denison activity will interfere with enjoyment of the character of the area.

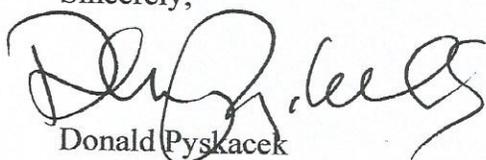

I rely on Halifax for municipal services and the burdens which Denison may cause to the town roads may adversely interfere with the proper provision of municipal services, including road maintenance.
