

# HALIFAX COMMUNITY CLUB

October 2017, WOW...how did that happen so quickly?  
The years just seem to be flying by.

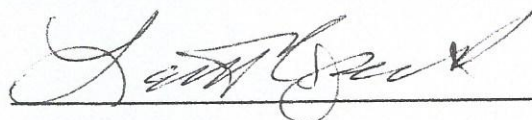

The leaves are falling here in Halifax. It seems like the years are flying by as quickly as the beautiful leaves are falling. It is a very pretty time of year.

The Halifax Community Club has had a busy year selling ice cream at as many events as we can. This seems to be our best fundraising endeavor. We continue to work to raise funds to keep the Community Hall lawn area and rickety cedar fence in respectable looking shape. The Hall has been rented quite often for various things such as birthday parties, wedding receptions, breakfasts, suppers, weekly Tai Chi, Yoga and other gatherings. If you would like to hold your next reception or event in the Halifax Community Hall, contact Joan Courser at (802) 368-7733.

We held a very enjoyable potluck to meet and greet newcomers and old neighbors in Halifax and we hope to do that again soon. We have repaired the fence as best as we can. It has been there since the mid 1980's. Mother Nature takes a toll and so does the snowplow, but that cannot be helped. We continue to work to keep the inside and outside of the hall looking good. We have several upkeep projects on our to-do list. We need the hall floor re-sanded, the windows washed, a small area on the ceiling needs repairing and most of all the front of the hall needs painting in 2018.

As you all know, upkeep on a building built in 1844 requires a lot of attention and funds. We could not do any of this without help from our faithful friends and neighbors of the Town of Halifax. We are coming to you again this year asking for any help you can give us. Every dollar helps in our endeavors to keep the beautiful building a focal point in Halifax. We thank you for your thoughtfulness and willingness to help.
